Prologue

Welcome to all our returning members as well as our new members. The Manchester Ski Club of which you are a member is your club and has a long history of great skiing. Our club is an example of people working together to accomplish a common goal and having fun in the process. We are a family-oriented club that helps to make snow sports easier and more enjoyable for all its members.

Each year we enjoy social events including our annual picnic and monthly membership meetings during the season, which include ski and fitness programs, and raffle prizes. We also participate in ski racing events, which include the Inter-club race with the Norwalk Ski Club, Grumman Ski Club, Mt.Laurel Ski Club, as well as our own club race, The Robert W. Blake Challenge. These are citizen racing level events that can be enjoyed by most all ability levels. We have a very active membership and that is one of the reasons that our club is successful.

This handbook is provided to allow you to become familiar with our clubs by-laws and rules as well as providing a means via the membership roster to allow you to contact other members and the Board of Directors.

We look forward to the up-coming ski season and hope to see you all on the slopes!

“The History of the Manchester Ski Club”

INTRODUCTION

MSC Charter members, present members and former members should be proud of the achievements of the club and individual members during the past quarter century. Many members were introduced to skiing by the club, others improved their techniques and some were motivated to promote skiing by individual effort in allied organizations and programs. The following information is presented to club members to acquaint them with the clubs past and to stimulate memories that may help to complete, as exact as possible, a list of dates, names, officers and events that will be updated periodically.

DEVELOPMENT OF MT. NEBO

From the original start of the Manchester Ski Club, its purpose has been to promote and develop recreational skiing in Manchester. Consequently, the first and succeeding officers met frequently with Manchester Park and Recreation Department heads and town managers to establish a ski area on town property. The town first cleared an area behind the town hall in Center Springs that proved to be unsatisfactory and unpopular for beginners. The next area cleared by the town was adjacent to Center Springs Pond and proved so successful, that the sledders soon outnumbered the skiers. The ski club proceeded to lease a piece of property at Bolton Notch, cut two trails and installed lights (our first lighted slopes).

After three or four years, this had to be abandoned due to highway US Rte. 6 cutting across the bottom of the slope. The next slope location was the result of the members checking all the town owned property and suggesting an unused section of Mt. Nebo. Robert Samuelson, Ralph Oscar, Edward and Frederick Kurtz, along with others, met with town officials and agreed on a mutual effort to clear and light a slope on Mt. Nebo. This was the club's second effort at night skiing with “pick them and lay them down” lifts to the top. Each year the club members modified the slope for maximum utility and safety. After several years, the club received permission to do a major contouring at the bottom of the slope.

The club provided a gasoline engine driven large rope tow and a gasoline engine driven small rope tow for beginners. During the years of the gasoline engine driven tows, the club provided fuel, oil and maintenance with an occasional donation from non-member skiers.

A few years later and with increasing numbers of skiers, the club again met with the town authorities and agreed to cooperate on replacing the gasoline engines with electric motors and the town to supply tow operators. For approximately the last six years of operation at Mt. Nebo, it was always a good question as to when another highway would not only cross Mt. Nebo, but practically remove it. Fortunately, this time interval and the growth of skiing as a recreational activity gave the town and the club an opportunity to

plan the North View area which was dedicated in 1968 and is a municipal ski area that has elicited many complimentary comments and some inquiries on how to plan and organize such an operation.

THE BEGINNING

The Manchester Ski Club was formed by local skiers in 1941 and incorporated in 1942. It has remained constantly active (except for late 1955 to early 1958) to foster interest in recreational skiing, competitive skiing, promote the development and improvement of skiing technique and safety among its members.

The club was a major factor in the promotion and development of the Town of Manchester ski area, North View and supplies the majority of personnel for the Ski Patrol.

The club has owned, operated and maintained it's own ski lodge in Ludlow, Vermont since 1968. There are more than 20 ski areas within a 50 miles radius (approximately 10 areas within 25 miles) of the club ski lodge.

7

Benefits of membership in the Manchester Ski Club include:

- Reduced lodge rates.
- Reduced lift fees.
- All activities sponsored by the Connecticut Ski Council: ex., ski trips, annual Snow Ball, amateur ski racing.
- Information on Ski Patrol, equipment maintenance and care, safety, and instruction, and ski areas.
- Annual club and inter-club races for all ages and sexes on a course set for any class skier/rider.
- Opportunity to ski and ride with people of equal ability.
- Opportunity to meet and associate with other snow sports enthusiasts.

The club minimal annual dues are easily recouped by participation in any of the club's activities.

THE FOLLOWING IS AN EXCERPT OF INFORMATION FURNISHED BY OSCAR & FRED KURTZ BROTHERS

History of the Club by Ernie Turek

Written JANUARY 24, 1969, by Ernie Tureck

1941

A notice was put in the Manchester Herald – Anyone interested in forming ski club by Edgar Clarke and Jim Blair.

Enough interest was shown to initiate a ski club – Oscar Kurtz – 1st President. The club was incorporated as Manchester Ski Club, Inc.

Permission was obtained from the Cheney's to brush out a ski run on Hackmatack Street just east of Prospect Street on South Side. The ski club referred to this as Sunset Hill Slope.

1944 – 1946

The club rented land at Bolton Notch and created a ski run. This area was lost when the Route 6 highway was widened at the Notch (in 1949-1950).

1950 – 1951 Season

During this season, permission was received from the town to use Mt. Nebo. The ski club cleared out a slope at Mt. Nebo at this time.

1960 Season

The first rope tow was installed at Mt. Nebo by the ski club; it was 50 feet long and operated by a 2.5 horse power motor. This tow is still in operation* on the lawn of Ralph Kurtz at 347 Keeney Street, Manchester. (*At the time of the writing of this article.)

1960 - 1961 Season

The tow was increased to two, one 600' long powered by a "Model A Chassis"; the other a 400' long powered by a 9 H.P. gasoline motor. The ski club paid for all this plus clearing and grubbing of the slope.

1964 – 1965 Season

Both tows were converted to electricity by donations from various local businesses, industries and ski club members. When the Rec Department was taken over by the Park Department, the ski slope was shut down completely due to insurance difficulties. The ski club immediately negotiated with Town Directors. The slope soon resumed operations under the Park Department. The ski club turned all the equipment over to the Town at no cost to the town. Ski Patrol supervision would be furnished by the ski club at no cost to the town.

1968 – 1969 Season

The relocation of Route 6 passing through existing Mt. Nebo slope made it necessary to find a new location. An area off Hercules Drive was selected and developed by the town, with assistance from ski club members, town residents, businesses and industries – making this truly a community effort.

A long standing tradition, the Manchester Ski Club sponsors Saturday Night Dinners. They are intended not only to provide a home cooked meal, but also to provide an opportunity for members to socialize and an additional opportunity for a member to perform a work unit towards the Lodge Use Fee. The “dinner season” begins the first week of January until the third week of March with the exception of race weekends.

Reservations:

Members will make reservations for dinner when they reserve rooms for the weekend. All dinner reservations must be made, changed or cancelled by Wednesday at 8:00 PM prior to the meal. Charges for meals are \$8 for adults and \$6 for children. Payment will be made by check along with payment for lodging. Please indicate the number of adult and child meals purchased on the check. Additional meals may be purchased on Saturday on an “as available” basis only as determined by the cook and reservations coordinator.

Cooking:

The cooking member(s) will plan the menu, shop and cook the meal. The dining members will clean up after.

By Wednesday evening 8:00 PM prior to the meal, the cooking member will know (via the reservations chairperson), the number of adults and children who will be dining. A minimum of 10 reservations will be required: if fewer reservations are made, the dinner will be cancelled.

Your responsibility includes the following:

CLUB FUNCTIONS

Each year the club actively participates in an inter-club race, in February at Okemo Mountain Resort, Ludlow, Vermont. This race is known as the Jean Bloom-Lysobey Memorial Interclub Ski Race. This gives MSC an opportunity to race against other clubs such as Grumman Ski Club from New York and Norwalk Ski Club and Mt Laurel Ski Club of CT. The time, date and race slope is determined by John Lysobey. A post-race party is usually held at his winter residence on Ponus Rd, Ludlow VT 05149 (802) 228-7368. It is here, at this post-race function from approximately 4-7 p.m., that members are awarded for their skiing achievements, be they young or old!

In either late February or early March, MSC sponsors it’s own club race, aptly named The Robert W. Blake Challenge, in honor of one of our “oldest” (as in long-time) members, Bob Blake. The race takes place at Okemo Mountain Resort, on a Saturday beginning at approximately 10 a.m. The post-race party is held at lodge. Here we celebrate the achievements of all racers - no matter what the times indicate. Our junior members are awarded a medal or trophy to commemorate this event for the top three times.

The race coordinator seeks members to volunteer their assistance for both races.

16

OTHER EVENTS

In the past the club has gathered, informally, in either Cape Cod in June or Vermont in the fall, or both. Here members can hike, bike or just relax.

In the past, the club has had a summer picnic in August of each year. This picnic was usually held at a member's home. Please contact the Social Chair if you are interested in helping with this event.

The club has in past years informally participated in the Sr. Olympic Games in February each year at Mt Southington as well as the Monday Night CSC racing at Mount Southington, and the CSC On Snow Carnival in March of each year, held at alternating VT mountains. Please contact a board member if you are interested in volunteering to revive our participation in these events.

THE CONNECTICUT SKI COUNCIL MSC member may participate in all CSC functions.

www.skiclub.com

The purpose of the Connecticut Ski Council (CSC) is to foster and encourage organized amateur skiing, to assist in the development of new clubs, to sponsor and run inter-club competition, promote club activity both on and off the snow, and teach skiing and ski safety skills to others. The Council offers discounts on lift tickets, lodging, ski trips, competition racing, Nordic programs, ski instruction, social and sporting events, community involvement, physical conditioning, meeting people and having fun. The Council has a current membership of 38 not-for-profit ski clubs in the state and over 20,000 ski members. CSC holds meetings the second Tuesday of each month, September to May in the Newington area. Each club has one or more representatives that make up the Council. CSC offers the following events to all members: Ambassador's Meeting and the Annual CSC Snow Ball - November

Monday Night Racing at Mt. Southington - December to March State Giant Slalom Race - Mohawk Mt. - January

State Downhill Race - Okemo - March

WORK UNITS

WORK UNITS - WHAT ARE THEY?

Work units are voluntary "jobs" that all members are encouraged to do, to help maintain and grow our ski club.

A work unit is defined as approximately 5-7 hours of volunteer work. Some jobs that require more hours will be compensated with a voucher for one night at the lodge for every 5-7 additional hours.

CLUB POSITIONS VOLUNTEER/WORK-UNIT COORDINATOR

The volunteer/work-unit coordinator is a newly created position. The position responsibilities are to assist the Board of Directors in managing all of the volunteer positions and to assist the membership chairperson in tracking the new member work units. If interested, please call a member of the Board of Directors.

LODGE CHAIRPERSON

The lodge chairperson is a position created only a few years ago when the club experienced difficulty in finding a suitable lodge manager for the Vermont ski lodge. This person is responsible for overseeing the functioning and maintenance of the lodge in Vermont. This person is a member of the Board of Directors, communicating issues that are of importance as it relates to the lodge, the general condition of the lodge and the safety of the club members staying at the lodge.

Overseeing the work weekends that are conducted approximately twice a year is another function of this position. One work weekend is usually held in the spring and one in the fall. These work weekends give members the opportunity to earn a voucher for one nights lodge stay.

SATURDAY NIGHT DINNER COORDINATOR

A long standing tradition and a means to encourage socialization between the members is the Manchester Ski Club Saturday Night Dinners. The "dinner season" begins in January and ends sometime in March, each ski season.

The Saturday Night Dinner Coordinator schedules, coordinates meal planning, purchase and reimbursement by club members who wish to earn a work unit and make a "home-cooked" meal at the Blake House in Vermont on a Saturday night from January to mid-March. The Dinner Coordinator communicates with the Lodge Reservation Chairperson regarding reservations and cancellations for the meal.

LODGE RESERVATION CHAIRPERSON

A very important volunteer position for the club, the lodge reservation chairperson is one that involves a very dedicated individual who is willing to give freely of his time to help the club exist each ski season. Without this person, the club's Vermont lodge would just about grind to a halt.

This person is responsible for accepting lodge and dinner reservations Monday evening to Thursday evening each week during ski season and at random times during the off-season. During the ski season, the reservation chairperson will take a reservation from a qualified lodge use member, who may or may not have a guest wishing to use the lodge on a certain weekend, record the information, assign rooms on a first come, first serve basis until the lodge is at full capacity.

18

The lodge reservation chairperson is also responsible for informing members calling in about the Saturday night dinner, discussing the menu and taking dinner reservations. The dinner reservation information is then communicated to the member(s) that are preparing that Saturday night dinner from January to March each ski season.

An individual or married couple can hold the lodge reservation chairperson position. This position receives free accommodations at the lodge during the ski season for which they are doing this very important volunteer function.

MSC DATABASE COORDINATOR

Another very important volunteer position for the club is the database coordinator. It is a position that works closely with the membership chairperson. This person inputs all the member personal information given to them by the membership chairperson, into a database, keeping the information current with change of address information, etc. The database coordinator generates a label list each month that is given to the newsletter chairperson. This person also is responsible for preparing the general member roster that is distributed to the club members each year as well as preparing the yearly membership cards.

NEWSLETTER CHAIRPERSON

This person is responsible for collecting information pertinent to the Manchester Ski Club, writing the newsletter, and having the newsletter printed each month. The newsletter chair is an appointed position on the Board of Directors and works closely with all members of the Board as well as most of the volunteer positions of the club. Members are encouraged to submit "news-worthy" information to the newsletter chair. Information can be submitted in writing via USPS or e-mail.

The newsletter chair works closely with the newsletter distribution volunteer. The distribution volunteer is responsible for obtaining the newsletter from the editor and then printing, folding, labeling, stapling and stamping the newsletter -and then finally mailing it, each month. Beginning in January 2005 the newsletter **is released** via email to the majority of members. Members who do not have email will continue to receive their newsletter via USPS.

These positions are also responsible for the creation and publication of the Manchester Ski Club Handbook. The handbook was created and designed to provide extensive information about Manchester Ski Club to both existing members and for new members when they join the club. After the initial publication of the handbook, the intent will be to publish and distribute only pages that contain information that may change from year to year.

Additional responsibility may also include the creation and publication of miscellaneous publications as deemed necessary by the Board of Directors.

SUMMER PICNIC COORDINATOR

This volunteer is responsible for working with the Board of Directors in planning the annual summer picnic. The picnic is usually held in August. The activities include swimming (if available) volleyball, horseshoes and games for children. The club provides hamburgers, hot dogs, condiments and refreshments and members are asked to bring salads and desserts.

19

MEETING PROGRAM COORDINATOR

Each year from October until April the club holds a meeting on the first Monday of each month. The club's program chairperson plans a different and informative meeting format that is held either before or after the regular club meeting. The topics vary from getting in shape for the ski season, tuning equipment to lecturers on hiking and biking. The meeting program coordinator will help organize the December meeting/Holiday Party program agenda.

RAFFLE COORDINATOR

Ski related raffle items or ski lift tickets have been raffled off at the regular MSC monthly meetings for years. These items are not just automatically sent to us because we are a ski club. A member of the club has been volunteering year after year to write letters during the summer months to all these ski related industries and ski areas, asking them on behalf of the Manchester Ski Club to donate an item. The Raffle Coordinator receives these items and gives them to the raffle master of ceremonies.

MSC MEETING REFRESHMENT COORDINATOR

Mountain Resort Ticket Vouchers

Mountain Ticket Voucher

Good for any CSC Club Member Not to be transferred to anyone else PROGRAM MAY BE CANCELLED Represents: LOTS OF SAVINGS!!

Coordinated by and offered to members of The Connecticut Ski Council

Okemo Mountain Resort began offering the discounted pre-season ticket voucher purchase during the mid 1990's to clubs holding a membership in good standing the Connecticut Ski Council. It has now been expanded to seven other mountains. Each club coordinates the ticket voucher purchase individually. This purchase is then presented to The Connecticut Ski Council coordinator who then presents the Connecticut Ski Council with one pre-season ticket purchase.

In 2004, the Connecticut Ski Council purchased over 1.5 million dollars worth of pre-season tickets on behalf of all council clubs that participate in the voucher program.

The tickets are good all season, both weekdays and weekends. All unused ticket vouchers can be turned in at the end of the season towards one-for-one ticket credit (plus voucher cost differential) towards the purchase of ticket vouchers for the following ski season.

This program is a tremendous benefit for the ski clubs. Any member that is caught violating the procedures and policies of the program will have their membership reviewed by the Board of Directors and face possible expulsion from the club.

DON'T JEOPARDIZE THE PROGRAM!!!!!!
